- 4) Your membership is also tax deductible.

**Your membership is active for 1-year from date of enrollment/payment. You will be given a membership card for proof of benefits**

## Why Support BIYC?

Big Island Yoga Center is a community based, incorporated 501(c)3 non-profit, founded in 1989. We exist to meet the needs of our students by offering beginning classes, as well as several levels of classes for more experienced students. We also strive to offer workshops throughout the year, allowing students to deepen their study of yoga.

We are focused on **Iyengar Yoga**, which is oriented towards gradual but steady progress, rather than quick and fleeting results. Each class is a unique sequence developed to guide students through a safe and systematic progression. Through skilled instruction and practice, students learn to penetrate beyond the physical body to the inner kosas (layers) of mind, energy and spirit; gaining vitality, clarity and calm through the practice.

Our class fees do not cover our total operating expenses, making your membership and donations vital to the Center, ensuring the continuation of the studio and our commitment to our community's well being.

Your membership and donations are **tax deductible** – you will receive a donation letter for tax purposes.
